1. Qualitative Information on Quarterly Results

Following approval of the proposal "Partial Amendment to the Articles of Incorporation" at the 98th Ordinary General Meeting of Shareholders held on June 29, 2016, the Company changed the book-closing date from March 31 to December 31, effective from FY 2016. Accordingly, the previous consolidated fiscal year was a transitional period for the change in accounting period, meaning an irregular period, and the 1st Quarter of the previous consolidated operating period covers three months (April 1, 2016 to June 30, 2016) for the Company and its consolidated subsidiaries that close their accounts in March, as opposed to six months (January 1, 2016 to June 30, 2016) for consolidated subsidiaries that close their accounts in December. Therefore, the year-on-year percentage change has been omitted.

(1) Explanation of operational results

During the first three-month period of the consolidated fiscal year under review, the Japanese economy witnessed a recovery trend as shown in the improvement of corporate earnings and employment helped by the continued economic stimulus measures implemented by the government. On the other hand, however, consumer spending continued to face a tough situation.

Under these circumstances, the Group launched new products that satisfy customers' needs, strengthened its existing product lineups, and invested in businesses with high future growth potential, with the brand slogan "You make a wish and we make it happen."

As a result, net sales, operating income and ordinary income were 30,749 million yen, 4,958 million yen and 4,851 million yen, respectively, and net income attributable to owners of the parent was 3,455 million yen.

The following is an overview of segment performance.
