What you should Not do:

(If you do not follow the precautions listed below, your current symptoms may worsen and you may be at an increased risk of side effects.)

The following persons should not use this product.

- (1) Persons who have had allergies to this product or ingredients of this product
- (2) Persons with severe moistening, erosions, burns and trauma
- (3) Persons with affected area with pus formation
- (4) Persons whose affected area is large

Who should seek consultation

1. The following persons should consult a doctor, pharmacist or registered salesperson before using this product:
Persons under treatment by a doctor
2. Stop using this product immediately and ask a doctor, pharmacist, or registered salesperson with this leaflet if the following symptoms appear after using this product because they may be side effects of the product.

Affected area	Symptoms
Skin	Rash/redness, itching

INDICATIONS

Eczema/dermatitis, crack, chapped skin, chilblains, corn, prickly heat, erosions, trauma, burns, pain due to hemorrhoids, fissure in anus

DOSAGE AND DIRECTIONS

Clean the affected area, and apply an appropriate amount directly to the affected area, or spread thickly onto a gauze and a piece of cloth, etc. then apply it to the affected area.

<Precautions regarding dosage and directions>

- (1) Children can use this product only under the direction and supervision of their parent or a responsible adult.
 - (2) For external use only.
 - (3) Avoid contact with the eyes.
- Avoid contact of this product with clothes, etc. because the color of the ointment is reddish purple. (The color of this product is derived from an active ingredient, lithospermum root.)

For color protection, it is recommended to use this product by covering with a gauze, etc. after application of the ointment.

Wash immediately according to the washing instructions if the clothes, etc. is stained. (However, it may not be removed completely.)

How to make a stain more easier to remove

If it is washable at home, it is recommended to apply mildly alkaline, or neutral liquid detergent directly onto the clothes, wash it by hand after leaving it on for about 5 minutes, and rinse with lukewarm water at approximately 40°C.

If it is not washable at home, dry cleaning is recommended.

INGREDIENTS AND CONTENTS

In 100 g	Lithospermum root	6.2 g	Sesame oil	62.3 g
	Japanese angelica root	6.2 g	Lard	1.6 g
	Beeswax	23.7 g		

- Since this product uses natural ingredients (herbal components), the ointment color may vary for individual products.

PRECAUTIONS FOR STORAGE AND HANDLING

- (1) Keep the cap tightly closed and store this product in a dry and cool place away from direct sunlight.
 - (2) Keep out of the reach of children
 - (3) Do not transfer this product to another container (it may cause improper use or loss of quality).
- If this product becomes so hard that is difficult to be pushed out of the tube, soak it for a while in lukewarm water (approximately 30°C) until softened before use.
