販売名:ビフナイトn

## Precautions for use

### What you should Not do:

(If you do not follow the precautions listed below, your current symptoms may worsen and you may be at an increased risk of side effects.)

Do not use this product to the following areas: Eyes and around eyes

### Who should seek consultation

1. The following persons should consult a doctor, pharmacist or registered salesperson before using this product:
  - (1) Persons under treatment by a doctor
  - (2) Persons who have experienced allergic symptoms to medicines or cosmetics
  - (3) Persons with severe moistening or erosions
2. Stop using this product immediately and ask a doctor, pharmacist, or registered salesperson with this leaflet if the following symptoms appear after using this product because they may be side effects of the product.

Affected area	Symptoms
Skin	Rash/redness, itching

3. If symptoms do not improve after using this product for 5 to 6 days, stop using this product and ask a doctor, pharmacist, or registered salesperson with this leaflet.

## INDICATIONS

Acne

## DOSAGE AND DIRECTIONS

Apply an appropriate amount on the affected area and surrounding skin several times daily.

<Precautions regarding dosage and directions>

- Prior to use, apply a small amount to the inside of the elbow and leave it on overnight.  
Do not use if hypersensitive symptoms (e.g. rash/redness, itching) occur on the application site in the next morning.
- 1. Children can use this product only under the direction and supervision of their parent or a responsible adult.
- 2. Avoid contact with the eyes.  
 If this product gets into the eye, immediately wash the eye with cold or lukewarm water.  
 If the symptom is severe, consult an ophthalmologist.
- 3. For external use only.
- Avoid contact of this product with bedclothes if you sleep with leaving it on the skin.

## INGREDIENTS AND CONTENTS

In 100 g

Ingredients	Contents	Actions
Sulfur	3.0 g	(Keratine softener) Softens the thickened keratin.
Glycyrrhetic acid	0.3 g	(Anti-inflammatory drug) Relieves swelling and redness of acne.
Isopropyl methylphenol	1.0 g	(Disinfectant) Disinfects acne bacteria that causes acnes.

As inactive ingredients, this product contains bentonite, kaolin, glycerin, propylene glycol, silicon dioxide, lactose, pH adjuster and flavor.

- Due to the nature of ingredients, granular mass may be seen in this product but it does not affect the indications.

## PRECAUTIONS FOR STORAGE AND HANDLING

- (1) Keep the cap tightly closed and store this product in a dry and cool place away from direct sunlight.
- (2) Keep out of the reach of children
- (3) Do not transfer this product to another container (it may cause improper use or loss of quality).

### Example of use

- Wash your face gently.
- Apply an appropriate amount of Biff Night directly onto the acne so as to cover the area.
- It dries quickly. Do not peel it off and leave it as it is after drying. It may be used while you are sleeping.
